Home 100 Lamp

100 Lumen Ceiling LED Lamp Wall Dimming Switch & Cable Roller

Home 100 Lamp is Niwa's innovative 100 Lumen LED ceiling lamp for solar home systems. With impressive 90 lm/W energy efficiency the lamp makes sure people get the longest high quality light service possible out of their hardly harvested energy resources.

The lamp is not only easy to install due to its Quick-Fix Strap, Cable Roller and USB plug but also very comfortable to use due to its 3x Light Modes Dimming Slider. The lamp is water and dust protected (IP44) promoting it for all kind of outdoor use.

Up to 100 Lumen with outstanding 85 CRI deliver the highest quality light service for the living room, kitchen and sleeping rooms. The dimming feature allows to always adjust to the right brightness level depending on the amount of energy available and situation of use.
